

## PRODUCT DESCRIPTION

- The GILMAN Post is designed for the purpose of holding components securely during concrete placement.

## KEY FEATURES

- **Adjustable:** Adjustable Tower allows the user to set the elevation to a tolerance of 1/8th of an inch
- **Efficient:** Integral Ruler allows the user to quickly set the desired height without using a tape measure
- **Strong:** Each GILMAN post supports up to 75 lbs.
- **Easy-to-Use:** Multiple nails provide flexibility to secure the post to the formwork in tough-to-reach places
- **Consistent:** Eliminates the need for multiple job-built solutions
- **Integral Nails:** Galvanized nails embedded in the GILMAN Post make connection to the formwork simple
- **Low-Profile Base:** Low profile base design makes the GILMAN Post nearly invisible from below, ideal for exposed ceiling conditions

## TECHNICAL SPECIFICATIONS

- Material: ABS Plastic
- 3/4" O.D. Tube
- Self-Threading Pilot Hole fits any #8 screw
- Height varies, see below

PRODUCT SIZING CHART				
Item	Item #	Minimum Height	Adjustable Range	Maximum Height
3" GILMAN Post	GP-003-020	3"	2 1/4"	5-1/4"
5" GILMAN Post	GP-005-020	5"	2 1/4"	7-1/4"
7" GILMAN Post	GP-007-020	7"	2 1/4"	9-1/4"
9" GILMAN Post	GP-009-020	9"	2 1/4"	11-1/4"
11" GILMAN Post	GP-011-020	11"	2 1/4"	13-1/4"
